Name: _____

Address: _____

RE: Notice of Violation of District Rules and Regulations

Dear _____,

The Osmond Improvement and Service District (District) has received information indicating that there has been a violation of the District's Rules and Regulations at your service location. Specifically, it has been verified that:

- (1) An unauthorized access, trespass and/or tampering in the District's meter pit (water control can) has occurred, (Article 5, 3.a, 3.b, 3.c) **or**
- (2) An unauthorized extension of water service from one single-family household (dwelling) to another single-family household (dwelling) is present. (Article 5.5)

Pursuant to the District's Rules and Regulations, violations may result in the termination of water service. Before taking legal action however, the District is notifying you of the violation, and providing you an opportunity to respond.

You have the right to present any facts, defenses or explanations regarding this matter, either in writing or in person, at a hearing before the District's Board of Directors. The hearing is scheduled for:

Date: _____

Time: _____

Location: _____

If you wish to present your defense in writing, please submit it to the District, at the address above, no later than five (5) business days before the hearing.

Please be advised that if the violation is not corrected, as directed by the Board, the District will proceed with termination of water service in accordance with its Rules and Regulations.

The District encourages you to address this matter promptly to avoid any disruption of water service. If you have questions regarding this notice or the hearing, please contact: Secretary, Katharine Randall at 480-567-6539 or President, Kim Tippetts at 307-887-8553.

Sincerely,

Board of Directors
Osmond Improvement and Service District
